

Week 1 - June 13th - 19th

This weeks POWER VERSE:

I urge you as aliens in this world to stay away from sinful things. 1 Peter 2:11

we are ALIENS in THIS WORLD!

DAY 1

Welcome to ALIEN KIDS! What does an Alien Kid look like, you ask? Well, that depends! What do YOU look like? No 2 ALIEN KIDS look alike: not even identical twin ALIEN KIDS! But there is 1 thing that all ALIEN KIDS have in common: Jesus in their hearts! For the next 6 weeks we will learn who to be better ALIEN KIDS! That's right! You get to become even stranger than you already are! Strange in a GOOD, GODLY way, that is! So get ready—you're taking a journey to BEYOND OUTER SPACE! See you on the Space Ship Redeemer!

DAY 2

What is an ALIEN anyway? Is it someone from a far away planet, who comes to earth in a UFO? Is it someone who speaks some kind of funky language, has 2 antennas and 3 heads? That's not the kind of alien we are talking about this week. God's aliens are regular people who have decided to follow Jesus and doing what God wants us to do with our days ... even when people think that's CRAZY! We need to do things GOD's way not EVERYONE's way!

ALIENS HAVE LANDED!!

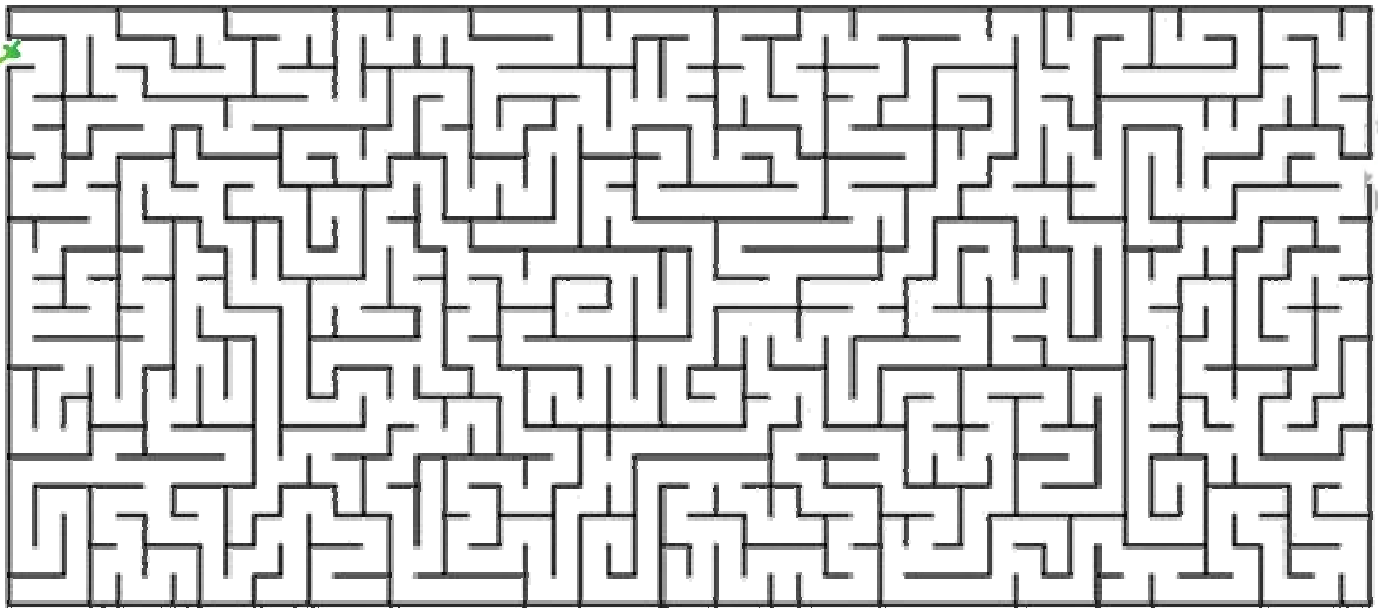

DAY 3

So far we've talked about what Aliens say and their actions. Well what about where their home is. Bees live in hives, fish in water and the President lives in the White House, and you live, where you live! As an alien in this world, you are on a journey—a journey through your life on your way home! Home for the Christian is HEAVEN! So, enjoy the journey through this life, but don't get TOO comfy! All this stuff here gets left behind when you finally get you your destination ... HEAVEN! What a way to live—for HEAVEN! Happy journeying, Alien!

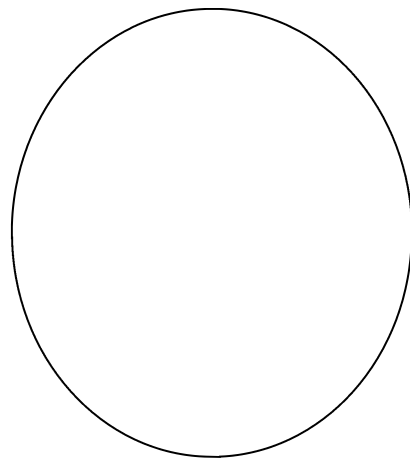

DAY 4

Hello Aliens! It's been a fun week and we are getting ready to see you all again on Space Ship Redeemer! One last thing we wanted to talk about. Can you change the weather? Nope you can't! Some things we can't change! But some things we can! As God helps us, we can change our thoughts and actions to be ALIENS in this world! Are you more like an alien in this world today then you where last week? I hope so! We are praying for you and that your life will show that you love GOD! ALIENS ROCK!

HELP THE ALIEN GET HOME TO HEAVEN!

Draw 2 different pictures of ALIENS. Draw 1 alien that speaks a funky language, has 2 antennas sticking out of its head, 3 heads, 4 arms and 5 legs. What color is this alien?
Then draw ANOTHER alien: this time—draw a picture of yourself. Which alien looks stranger??!

How about changing your food and eating some alien food today? Does your mom have any green food coloring?
ASK if you can add some green food coloring to your eggs, or your mild or even your pancakes!! No food coloring?
How about adding ketchup to some food to make it red? REMEMBER ASK for permission FIRST! 😊
