

# Week 3 - June 27th - July 3rd

**This weeks POWER VERSE:**

You will receive POWER when the Holy Spirit comes on you. " Acts 1:8

## You don't have to run and cower; God will give you super power!

### **DAY 1** READ: 1 Kings 18:46 (NIRV)

If you could have any super power what would you want to possess? Tough question I know cause there are so many that I would love to have! Elijah had the power of God in him. It says that Elijah, with the power of God was able to run ahead of the King's horses and chariot all the way to the town, Jezreel. That's 16 miles!!! Talk about super powers! With the power of God living inside you, when God asks you to do something for Him, you will have the supernatural power to do it! I'm not saying you can run 16 miles super fast! The Holy Spirit super charges our souls to be bold for God! You can be a super charged Alien in this world for God!

### **DAY 3** READ: John 8:12 (NIRV)

Ever been is one of those thunderstorms that knocks out your power—electricity, leaving your house dark and no light? I have, many times. I find myself crashing into things while looking for a flashlight! Our houses need power to have things work. My life needs power to have things work too! Like we learned on Sunday, the Holy Spirit gives us power to pray, to understand the Bible and to tell others about Jesus! I don't like stumbling around trying to find a flashlight in the dark, and I don't like stumbling around life with darkness in my soul! Jesus in the light of the world and the Holy Spirit helps us to shine His light brightly in this dark world.

### **DAY 2** READ: Acts 1:8 (NIRV)

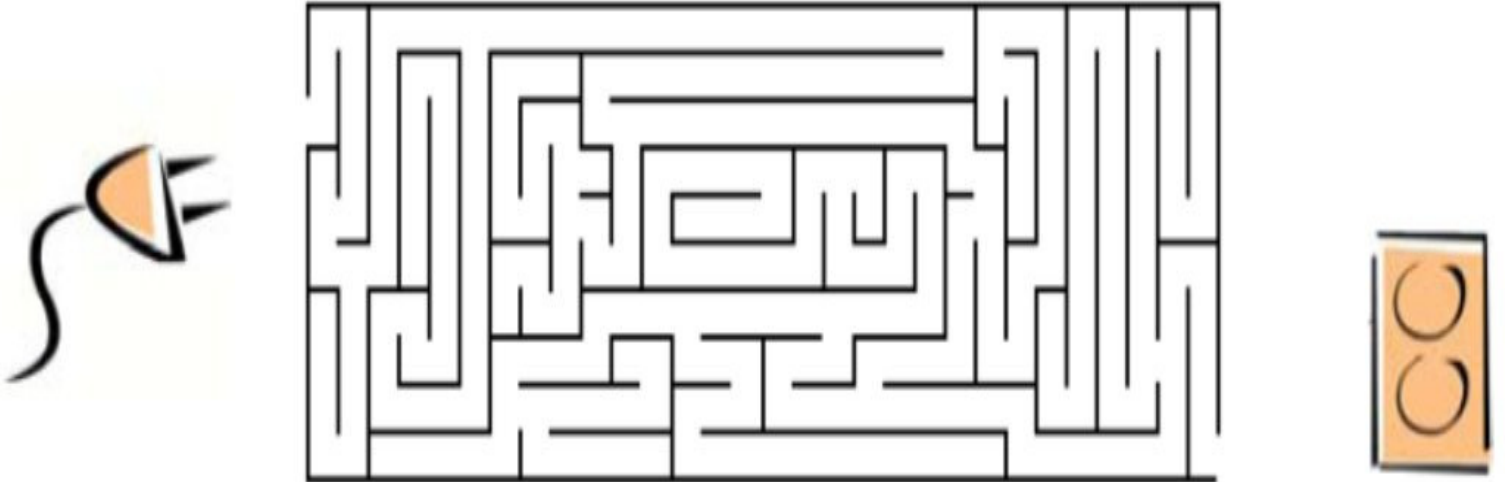

Have you ever seen a power surge protector? It is something that you can plug your TV into and that way if you lose electricity the TV doesn't get damaged. Power surge protectors are good for TV's but as Aliens in this world we don't want our lives plugged into one. The Holy Spirit is our power source—His presence in our lives should be more and more and more very single day! We need him to fill us up with power! What is the power surge protector that is keeping you from having more God? Sin? Laziness? Unplug the things in your life that are stopping the Holy Spirit from having his way in you!

### **DAY 4**

Church is a great place to receive more power! Missing church is kinda like when you turn on a flashlight and leave it on for a long time. At first the light shines bright, but after a while the light gets dimmer and dimmer and eventually the batteries run out! When I'm at church worshipping God I'm charging my soul's battery! Praying and reading my Bible during the week helps charge my soul too! Get ready for Sunday ... it's gonna be another great day! Get ready to get charged up for the week! If you can't make it, be sure to plug into your power source, the Holy Spirit! The great thing about God is that He is everywhere and He is looking to live big in you all the time, no matter where you are! I wonder what alien lesson we'll learn about in church on Sunday! Until then ... PEACE my fellow Aliens! Miss you all and see you soon!

The Amazing  
Alien Diet!

# can you get the plug to the outlet?

How many words can you make from the letters in the world FLASHLIGHT?

---

---

---

---

---

---

---

The scrambled message below, "YOU WILL RECEIVE POWER" is what Jesus told his disciples. There is one letter missing ... can you find which one?

PRROOEEEEIIWLLYCV

---

---

Guess how many light switches are in your house then count how many there are.  
As a family, play flashlight tag ... be sure to check your flashlights for working batteries before your start and ...  
have fun! peace out fellow Aliens! 😊
